Commercial Information**SURFACE PREPARATION INNOVATION****Version I Date:** June 2009**Title:** NOVA Blast Helmet**NOVA Helmet:**

The Nova Helmet is a world leader, renowned for its operator comfort. The helmet offers full panoramic view while meeting all international safety standards.

The helmet is both lightweight and robust and has various built-in features to help reduce fatigue and downtime. These features are:

- Fitted hand strap for carrying.
- Helmet weighs 1.5 kg.
- Evenflow™ Air Distribution – diffuses an even flow of breathing air throughout the helmet to cool your head and face.
- ComfortZone™ lightweight pillow foam padding which is easily removed for hygienic clearing.
- Super tough helmet shell – made of high density polyethylene, U.V. stabilized and characteristically abrasion resistant. Meets requirements of ANSI Z89.1-1997 protection.
- Fitted with Low Airflow Indicator.
- Rugged removable face frame – mounted on an integral moulded hinge and secured with a super strong latch.
- Multi layered sound deadening foam – it's got to be the quietest foam in the industry.
- Flexible Breathing Tube Silences the incoming air supply and provides a quiet working environment.
- Strongly attached cape – eight stud domes ensure the cape stays on!
- Replaceable Cape Cover Band seals the top of the cape and stops abrasive entering.
- Durable nylon Cape protects the wearers neck and upper body; soft inner collar provides a comfortable seal around the neck.

**Cold Air Tube temperature range $\Delta 18^{\circ}\text{C}$
Hot Air Tube temperature range $\Delta 17^{\circ}\text{C}$**

Assemblies:

Nova NV 2000CE Nova complete with nylon cape, breathing tube, flow control valve assembly and low airflow indicator.

Nova NV 2000 Nova complete with nylon cape, breathing tube, flow control valve assembly, without low airflow indicator.

SURFACE PREPARATION INNOVATION

Portable/Stationary Abrasive Blast Equipment - Nozzles - Nozzle Holders - Hoses - Couplings - Lighting
Wetblast Equipment - High Pressure Waterjetting - Personal Protection - Blast Cabinets - Blastrooms
Vacuum Blast/Recovery Equipment - Portable/Stationary Wheelblast Equipment - Dehumidifiers
Pipe Cleaning/Coating - Air Treatment - Mobile Dust Collectors - Media - Paintspray Equipment
Plural Component - Measuring Instruments
